

RESOLUTION NO. 2015/16-56

RESOLUTION OF THE BOARD OF EDUCATION OF RIVERSIDE
UNIFIED SCHOOL DISTRICT ORDERING AN ELECTION, AND
ESTABLISHING SPECIFICATIONS OF THE ELECTION ORDER

WHEREAS, the Board of Education (the “Board”) is committed to maintaining the quality of education in Riverside public schools by upgrading aging classrooms, school buildings and infrastructure at all schools; and

WHEREAS, the Board has determined that schools within the Riverside Unified School District (the “District”) need to be upgraded, repaired, expanded, improved and better equipped in a fiscally prudent manner and in accordance with the District’s guiding principles of parity, maintenance and evolution to enable the District to improve student safety and campus security by installing security lighting, security cameras, emergency communications systems, smoke detectors and fire alarms; and

WHEREAS, the Board believes it is in the best interest of the District to continue to address facility improvements now before they become more pressing and more costly, and provide classrooms, labs and technology education classes so students are prepared for college and good-paying jobs in fields like health science, engineering, technology, robotics and the skilled trades; and

WHEREAS, whether or not Riverside residents have school-age children, protecting the quality of our schools, the quality of life in our community, and the value of our homes, is a wise investment; and

WHEREAS, the State of California (the “State”) is not providing the District with enough money for the District to adequately maintain its educational facilities and academic programs; and

WHEREAS, the Board has concluded that the District’s only remedy to avoid the undermining of its educational programs is securing local funding that the State cannot take away; and

WHEREAS, the Board has received information regarding the possibility of a local bond measure and its bonding capacity; and

WHEREAS, a local measure will help provide funds that cannot be taken away by the State to upgrade aging schools, protect student safety and help the District to qualify for millions of dollars of State matching funds; and

WHEREAS, such measure will include mandatory taxpayer protections, including an independent citizens’ oversight committee and mandatory audits to ensure funds are spent as promised; and

WHEREAS, the Board and District has solicited stakeholder and community input on school priorities from parents, teachers, staff, the community and civic leaders; and

WHEREAS, Proposition 46, approved by the voters of the State on June 3, 1986 (“Proposition 46”), amended Section 1(b) of Article XIII A of the California Constitution by adding a provision that exempts from the 1% of full cash value limitation, those *ad valorem* taxes used to pay for debt service on any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by voters voting on the proposition; and

WHEREAS, on November 7, 2000, the voters of California approved the Smaller Classes, Safer Schools and Financial Accountability Act (“Proposition 39”) which reduced the voter threshold for *ad valorem* tax levies used to pay for debt service on bonded indebtedness to 55% of the votes cast on a school district general obligation bond; and

WHEREAS, concurrent with the passage of Proposition 39, Chapter 1.5, Part 10, Division 1, Title 1 (commencing with Section 15264) of the Education Code (the “Act”) became operative and established requirements associated with the implementation of Proposition 39; and

WHEREAS, the Board desires to make certain findings herein to be applicable to this election order and to establish certain performance audits, standards of financial accountability and citizen oversight that are contained in Proposition 39 and the Act; and

WHEREAS, the Board desires to authorize the submission of a proposition to the District’s voters at an election to authorize the issuance of bonds to pay for certain necessary improvements and enhancements to District educational facilities; and

WHEREAS, the Board hereby determines that, in accordance with Opinion No. 04-110 of the Attorney General of the State of California, the restrictions in Proposition 39 which prohibit any bond money from being wasted or used for inappropriate administrative salaries or other operating expenses of the District shall be enforced strictly by the District’s Citizens’ Oversight Committee; and

WHEREAS, pursuant to Education Code Section 15270, based upon a projection of assessed property valuation, the Board has determined that, if approved by voters, the tax rate levied to meet the debt service requirements of the bonds proposed to be issued will not exceed the Proposition 39 limits per year per \$100,000 of assessed valuation of taxable property; and

WHEREAS, Section 9400 *et seq.* of the Elections Code of the State of California (the “Elections Code”) requires that a tax rate statement be contained in all official materials relating to the election, including any ballot pamphlet prepared, sponsored, or distributed by the District; and

WHEREAS, the Board desires to authorize the filing of a tax rate statement and a ballot argument in favor of the proposition to be submitted to the voters at the election; and

WHEREAS, pursuant to the California Elections Code, it is appropriate for the Board to request consolidation of the election with any and all other elections to be held on Tuesday, November 8, 2016, and to request the Riverside County Registrar of Voters to perform certain election services for the District.

NOW THEREFORE, THE BOARD OF EDUCATION OF THE RIVERSIDE UNIFIED SCHOOL DISTRICT DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

PROJECT LIST

The Board of Education of the Riverside Unified School District is committed to maintaining the quality of education in local schools with safe, secure, upgraded classrooms and labs for career and technology education to keep pace with 21st century technologies and learning standards. To that end, the Board evaluated the District’s urgent and critical facility needs, including safety issues, class size, computer and information technology, enrollment trends and prepared a Facilities Master Plan (approved by the Board on February 1, 2016) which is incorporated herein in its entirety, in developing the scope of projects to be funded. The District conducted a facilities evaluation and received public input in developing this Project List. Teachers, staff, community members and the Board have prioritized the key health and safety needs so that the most critical facility needs are addressed. **The Board concluded that protecting the quality of our schools, the quality of life in our community, and the value of our homes is a wise investment.** Therefore, in approving this Project List, the **Board of Education determines that the District must:**

The listed projects will be completed as needed. Each project is assumed to include its share of furniture, equipment, architectural, engineering, and similar planning costs, program/project management, staff training expenses and a customary contingency for unforeseen design and construction costs. In addition to the listed projects stated above, the Project List also includes the acquisition of a variety of instructional, maintenance and operational equipment, including the reduction or retirement of outstanding lease obligations and interim funding incurred to advance fund projects from the Project List; installation of signage and fencing; payment of the costs of preparation of all facility planning, facility studies, assessment reviews, facility master plan preparation and updates, environmental studies (including environmental investigation, remediation and monitoring), design and construction documentation, and temporary housing of dislocated District activities caused

by construction projects. In addition to the projects listed above, the repair and renovation of each of the existing school facilities may include, but not be limited to, some or all of the following: renovate student and staff restrooms; repair and replace heating and ventilation systems; upgrade of facilities for energy efficiencies; acquire vehicles; repair and replace worn-out and deteriorated roofs, windows, walls, doors and drinking fountains; construct District office and professional development center; install wiring and electrical systems to safely accommodate computers, technology and other electrical devices and needs; upgrade or construct support facilities, including administrative, physical education (including upgrading or adding gyms, stadiums and locker rooms) and performing arts buildings and maintenance facilities and yards; repair and replace fire alarms, emergency communications and security systems; resurface or replace hard courts, turf and irrigation systems and campus landscaping; expand parking and drop-off areas; acquire land; construct new schools; upgrade interior and exterior painting and floor covering; demolition; upgrade pools; upgrade central kitchen and school cafeterias; construct various forms of storage and support spaces and classrooms; repair, upgrade and install interior and exterior lighting systems; improve playgrounds, athletic fields and play apparatus; replace outdated security fences and security systems (including access control systems), provide indoor space for assemblies or for rainy day lunch; upgrade music labs, media centers, adult education facilities. The allocation of bond proceeds will be affected by the District's receipt of State matching funds and the final costs of each project. In the absence of State matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the projects, the District will not be able to complete some of the projects listed above. The budget for each project is an estimate and may be affected by factors beyond the District's control. Some projects throughout the District, such as gyms, fields and performing arts facilities, may be undertaken as joint use projects in cooperation with other local public or non-profit agencies. The final cost of each project will be determined as plans and construction documents are finalized, construction bids are received, construction contracts are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of Government Code § 53410.

EXHIBIT C

TAX RATE STATEMENT CONCERNING MEASURE __

**TAX RATE STATEMENT
REGARDING PROPOSED
\$392,000,000
RIVERSIDE UNIFIED SCHOOL DISTRICT
GENERAL OBLIGATION BONDS**

An election will be held in Riverside Unified School District (the "District") on November 8, 2016 for the purpose of submitting to the electors of the District the question of issuing bonds of the District in the principal amount of \$392 million. If such bonds are authorized and sold, the principal thereof and interest thereon will be payable from the proceeds of taxes levied on the taxable property in the District. The following information regarding tax rates is given to comply with Section 9401 of the California Elections Code. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service on the bonds will be paid through property taxation:

1. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the first sale of the bonds, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.059 per \$100 (\$59.00 per \$100,000) of assessed valuation of all property to be taxed for the year 2017-18.

2. The best estimate from official sources of the tax rate that would be required to be levied to fund the bond issue during the first fiscal year after the last sale of the bonds and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.059 per \$100 (\$59.00 per \$100,000) of assessed valuation of all property to be taxed and the year 2025-26.

3. The best estimate from official sources of the highest tax rate that would be required to be levied to fund the bond issue and an estimate of the year in which that rate will apply, based on estimated assessed valuations available at the time of the filing of this statement, or on a projection based on experience within the District or other demonstrable factors, is \$0.059 per \$100 (\$59.00 per \$100,000) of assessed valuation of all property to be taxed, which is projected to be the same in every fiscal year that the bonds remain outstanding.

4. The best estimate from official sources of the total debt service, including the principal and interest, that would be required to be repaid if all the bonds are issued and sold is \$705 million.

Attention of voters is directed to the fact that the foregoing information is based upon projections and estimates. The actual timing of sales of the bonds and the amount to be sold at

any time will be governed by the needs of the District and other factors. The actual interest rates at which the bonds will be sold, which will not exceed the maximum permitted by law, will depend upon the bond market at the time of sale. The actual assessed valuations in future years will depend upon the value of property within the District as determined in the assessment and the equalization process. Therefore, the actual tax rates and the years in which those tax rates will be applicable may vary from those presently estimated and stated above.
